

MENAUL ALMA MATER

(To the tune of "blessed assurance")

Verse 1:

I will go boldly into the world
I'll be the light in a world of that's unsure
If you are lost and looking for love
Don't look much further there's grace from above

Refrain:

Sea la luz I'll carry the light
We will move forward with honor and kindness
Sea la luz we will be the light
Full of such glory, grace, and might.

Verse 2:

Those who are lost have now found their place
Here at Menaul we grow into grace
We learn to carry light in the world
Come on and join us here at Menaul.

Refrain:

Sea la luz I'll carry the light

We will move forward with honor and kindness

Sea la luz we will be the light

Full of such glory, grace, and might.

SCHOOL SONG

There's a light inside you that wants to be free

While you figure out who you want to be

Just let it shine so everyone can see

And become the person you're meant to be

Sea la luz

Sea la luz

And become who you choose

Sea la luz

Sea la luz

And carry the light inside of you.
